

To whom it may concern.

I have no hesitation in endorsing Kim Hobson and Trade Painters Ltd as a professional and quality company in a commercial and residential painting capacity.

My role as a commercial agent frequently sees Landlords and Vendors requesting advice on and recommendations of professional tradesmen able to undertake commercial work in order to facilitate commercial transactions and pre-occupancy requirements.

I can very confidently support Trade Painters for their role in a number of assignments that our mutual clients have been very satisfied with both in terms of timeliness, delivery and ultimately end quality.

I have also utilised their services twice on homes that I own and the results were also excellent which further reinforces my endorsement.

Yours sincerely,

Simon Farland

Commercial Sales Manager
